I'm not comfortable with it but I'm not sure we can stop them - they claim they can film anything they want in a public venue without any permission granted??? Not sure if this is true or not?  
Maybe we should ask the CAG members at the start and if they vote no - we ask them not to - but if they refuse to stop - we'd have to call in the guards to remove them??  
I'd rather not draw more attention to them than necessary  
Doug - are you going to make it to tonight's meeting??  
Ana

Debbie, thanks for sharing Ed's response, we will be meeting with Ed and his team next Wednesday. Fyi, Stephanie, just received an email from the Bongiorno's stating among other things that they intend to film the CAG meeting tonight in Lyndhurst. Is this something that you guys are comfortable with going forward ?

We plan to film the CAG Meeting on 1.17.13 in Lyndhurst and address the importance of trapping and filtering all emissions associated with the Lyndhurst and future dredging and dewatering processes.

Subject: Passaic River Clean-up Odor Issues

To: "abaptista@ironboundcc.org" <abaptista@ironboundcc.org>

Cc: "Skacel, Wolfgang" <Wolfgang.Skacel@dep.state.nj.us>, "Kropp, Irene" <irenekropp@comcast.net>, "Sweeney, David" <David.Sweeney@dep.state.nj.us>, "Marchitelli, Monica" <Monica.Marchitelli@dep.state.nj.us>, "Day, Vanessa" <Vanessa.Day@dep.state.nj.us>

Ms. Baptista:

Your e-mail message to Commissioner Martin and Deputy Commissioner Kropp dated January 2, 2013 related to odors that are alleged to have occurred during the Phase I of the Passaic River Clean-up have been forwarded to me for response. As the Director of the Air and Hazardous Materials Compliance & Enforcement program, odor investigations fall under my purview.

The Department was investigating alleged odor complaints reported to the Departments hotline by Mr. & Mrs. Bongiorno that commenced around the same time of the Phase I Passaic River clean up. During the investigation of each complaint, the Department was not able to identify the source of the odors. However, in early July, 2012, the Department, after narrowing the location, suspected the odors were emanating from the Phase I clean up site. The next day inspectors were able to get access to the site and even though the Phase I clean-up had been completed, the NJDEP inspectors determined that the odors were similar to odors they previously detected and that the odors were coming from equipment still on site, that was used during the clean-up. However, we were never able to confirm that the odors complaints alleged by Mr. and Mrs. Bongiorno were the same odors that occurred while the Phase I clean-up was actively being conducted.

The Department has discussed these odor issues with EPA staff and is working on procedures to improve the communication between the agencies for future Phases of the Passaic River clean-up. These procedures will determine if clean-up work can continue if odor complaints are received and verified from that clean-up location or operations.

I trust that I have provided you with sufficient information to satisfy your request. If you have any questions on this issue, please contact me.

Edward M. Choromanski
